Bud is "out of pocket" and has not seen following note. Dr. Koel has asked me to forward note to you and Howard Teicher for your thoughts on "letting Michael Ledeen loose; could be helpful?" I'm not sure that Howard knows that we still have pros to Bud & want to protect that so could I pls ask you to discuss with Howard and give me something from both of you for Dr. Koel. I will send separate note to Howard on this and cc you. Many thanks for your help.
